EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. McClellan (Reg. 44,227) on 2/21/2006.

The application has been amended as follows:

2. The following changes to the drawings have been approved by the examiner and agreed upon by applicant: Figure 1 has been designated by a legend "Prior Art." In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

Examiner's Statement of Reason(s) for Allowance

3. Claims 1-28 are allowed.

4. The following is an examiner's statement of reason s for allowance:

The closest prior arts of record, i.e. Arnold and Alverson, taken alone or in combination, fail to teach or fairly suggest at least: determining whether the execution of the code exits the region of the code without firing the user-specified breakpoint; exiting

the region being determined by encountering the machine recognizable exit point during the execution; and if so, halting the execution of the code recited in the claims 1, 11, and 20.

While Arnold and Alverson do disclose a method of setting a breakpoint, ultimately they do not disclose: determining whether the execution of the code exits the region of the code without firing the user-specified breakpoint; exiting the region being determined by encountering the machine recognizable exit point during the execution; and if so, halting the execution of the code.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

6. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Insun Kang whose telephone number is 571-272-3724. The examiner can normally be reached on M-F 7:30-4 PM.
